

Calvin Rei Bruce Parker

(832) 463-9271 Calvin.Parker@proton.me r0otb3er.github.io Github: R0otB3er

SKILLS

Programming C/C++, Java, React, Cuda, SQL, HTML/CSS, R
Software/Tools AutoCAD, LaTeX, Word, Excel

EDUCATION

University of Houston, Houston, TX

Bachelor of Science, Computer Science

May 2026

Minor: Mathematics

GPA: 3.68

PROJECT EXPERIENCE

Zoo Website, Database Systems

Jan 2025 – May 2025

- Team Leader with 3 other team mates to create a full stack website for a fictional zoo
- Database was coded in SQL, back end and front end were coded using javascript and the React framework
- Database and backend were hosted through Microsoft Azure, while front end used Vercel
- Website was made to handle both customers wanting to buy tickets and merchandise and employees wanting to manage the zoo itself.

BVH Construction Algorithm, Parallel Computations of GPU

Jan 2026 – May 2026

- Optimized the initial BVH construction in a ray tracing pipeline for rendering environments by a minimum of %50
- Method of optimization was outlined by a paper in pseudocode and my team translated it into Cuda and C

Binary/Semantic Search Engine, Natural Language Processing

Aug 2025 – Dec 2025

- Developed a search engine in C++ and Python supporting both keyword-based and semantic retrieval across a 2008 Amazon Reviews dataset with 200,000+ tuples
- Leveraged Qwen3 embedding model to store semantic approximations for both search terms and reviews

WORK EXPERIENCE

Design Assistant, Philip Ewald Architecture Inc.

May 2023 – Present

- Produced remodeled floor plans, construction documents, and permit-ready drawing sets for commercial design projects
- Developed detailed interior and exterior architectural drawings to support project visualization, client presentations, and construction execution.
- Assisted in preparing code-compliant construction documentation and permit submission packages
- Maintained and updated the firm's floor plan database by digitizing and organizing 20+ new architectural drawings.
- Collaborated with designers and project managers to revise floor plans to incorporate client feedback throughout the design process.

Audio Engineer, Independent Contractor

May 2023 – Present

- Coordinated with directors, crew, and actors in fast-paced production environments, consistently delivering high-quality audio under tight project deadlines
- Managed all audio operations for productions and resolved on-set technical issues to maintain recording quality and schedule adherence
- Secured 12+ projects through professional referrals, demonstrating strong interpersonal skills and a reputation for reliability

LEADERSHIP EXPERIENCE

Eagle Scout, Boy Scouts of America

May 2016 – Present

- Awarded the highest rank for years of dedication, leadership, and service to the community
- Led a scout troop for 6 months, running meetings, planning outings, and mentoring younger members, while completing 86+ hours of community volunteer work
- Conceptualized, planned, fundraised, and executed a service project for a local elementary school
